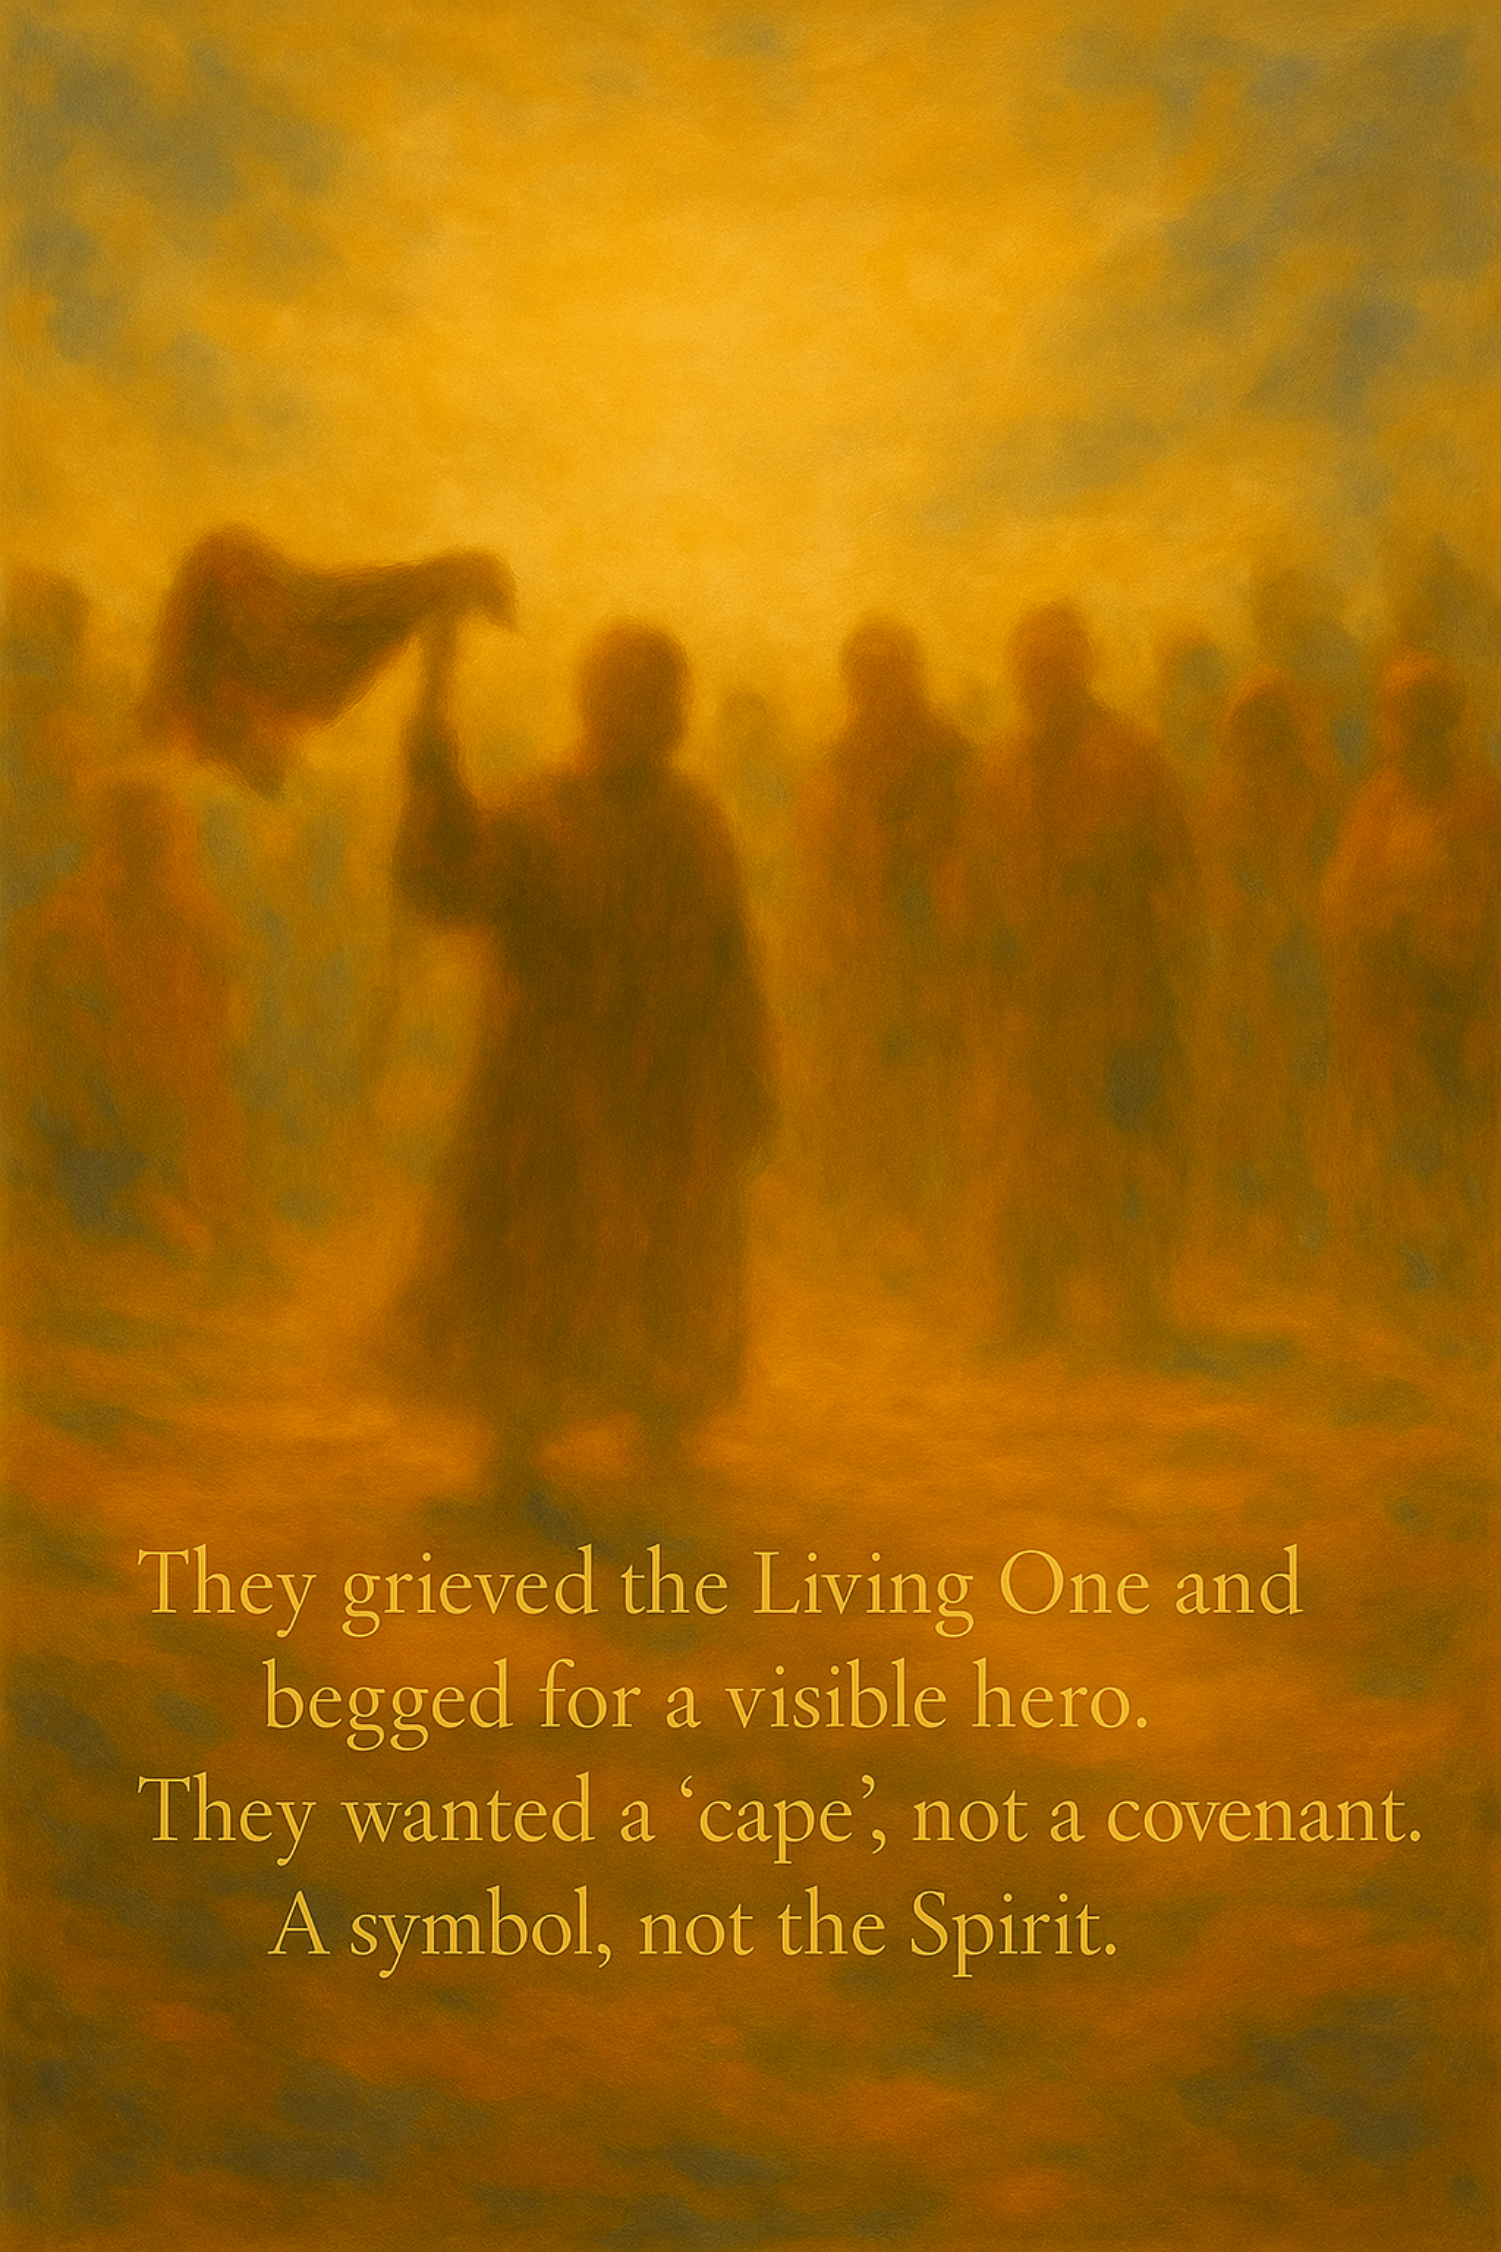
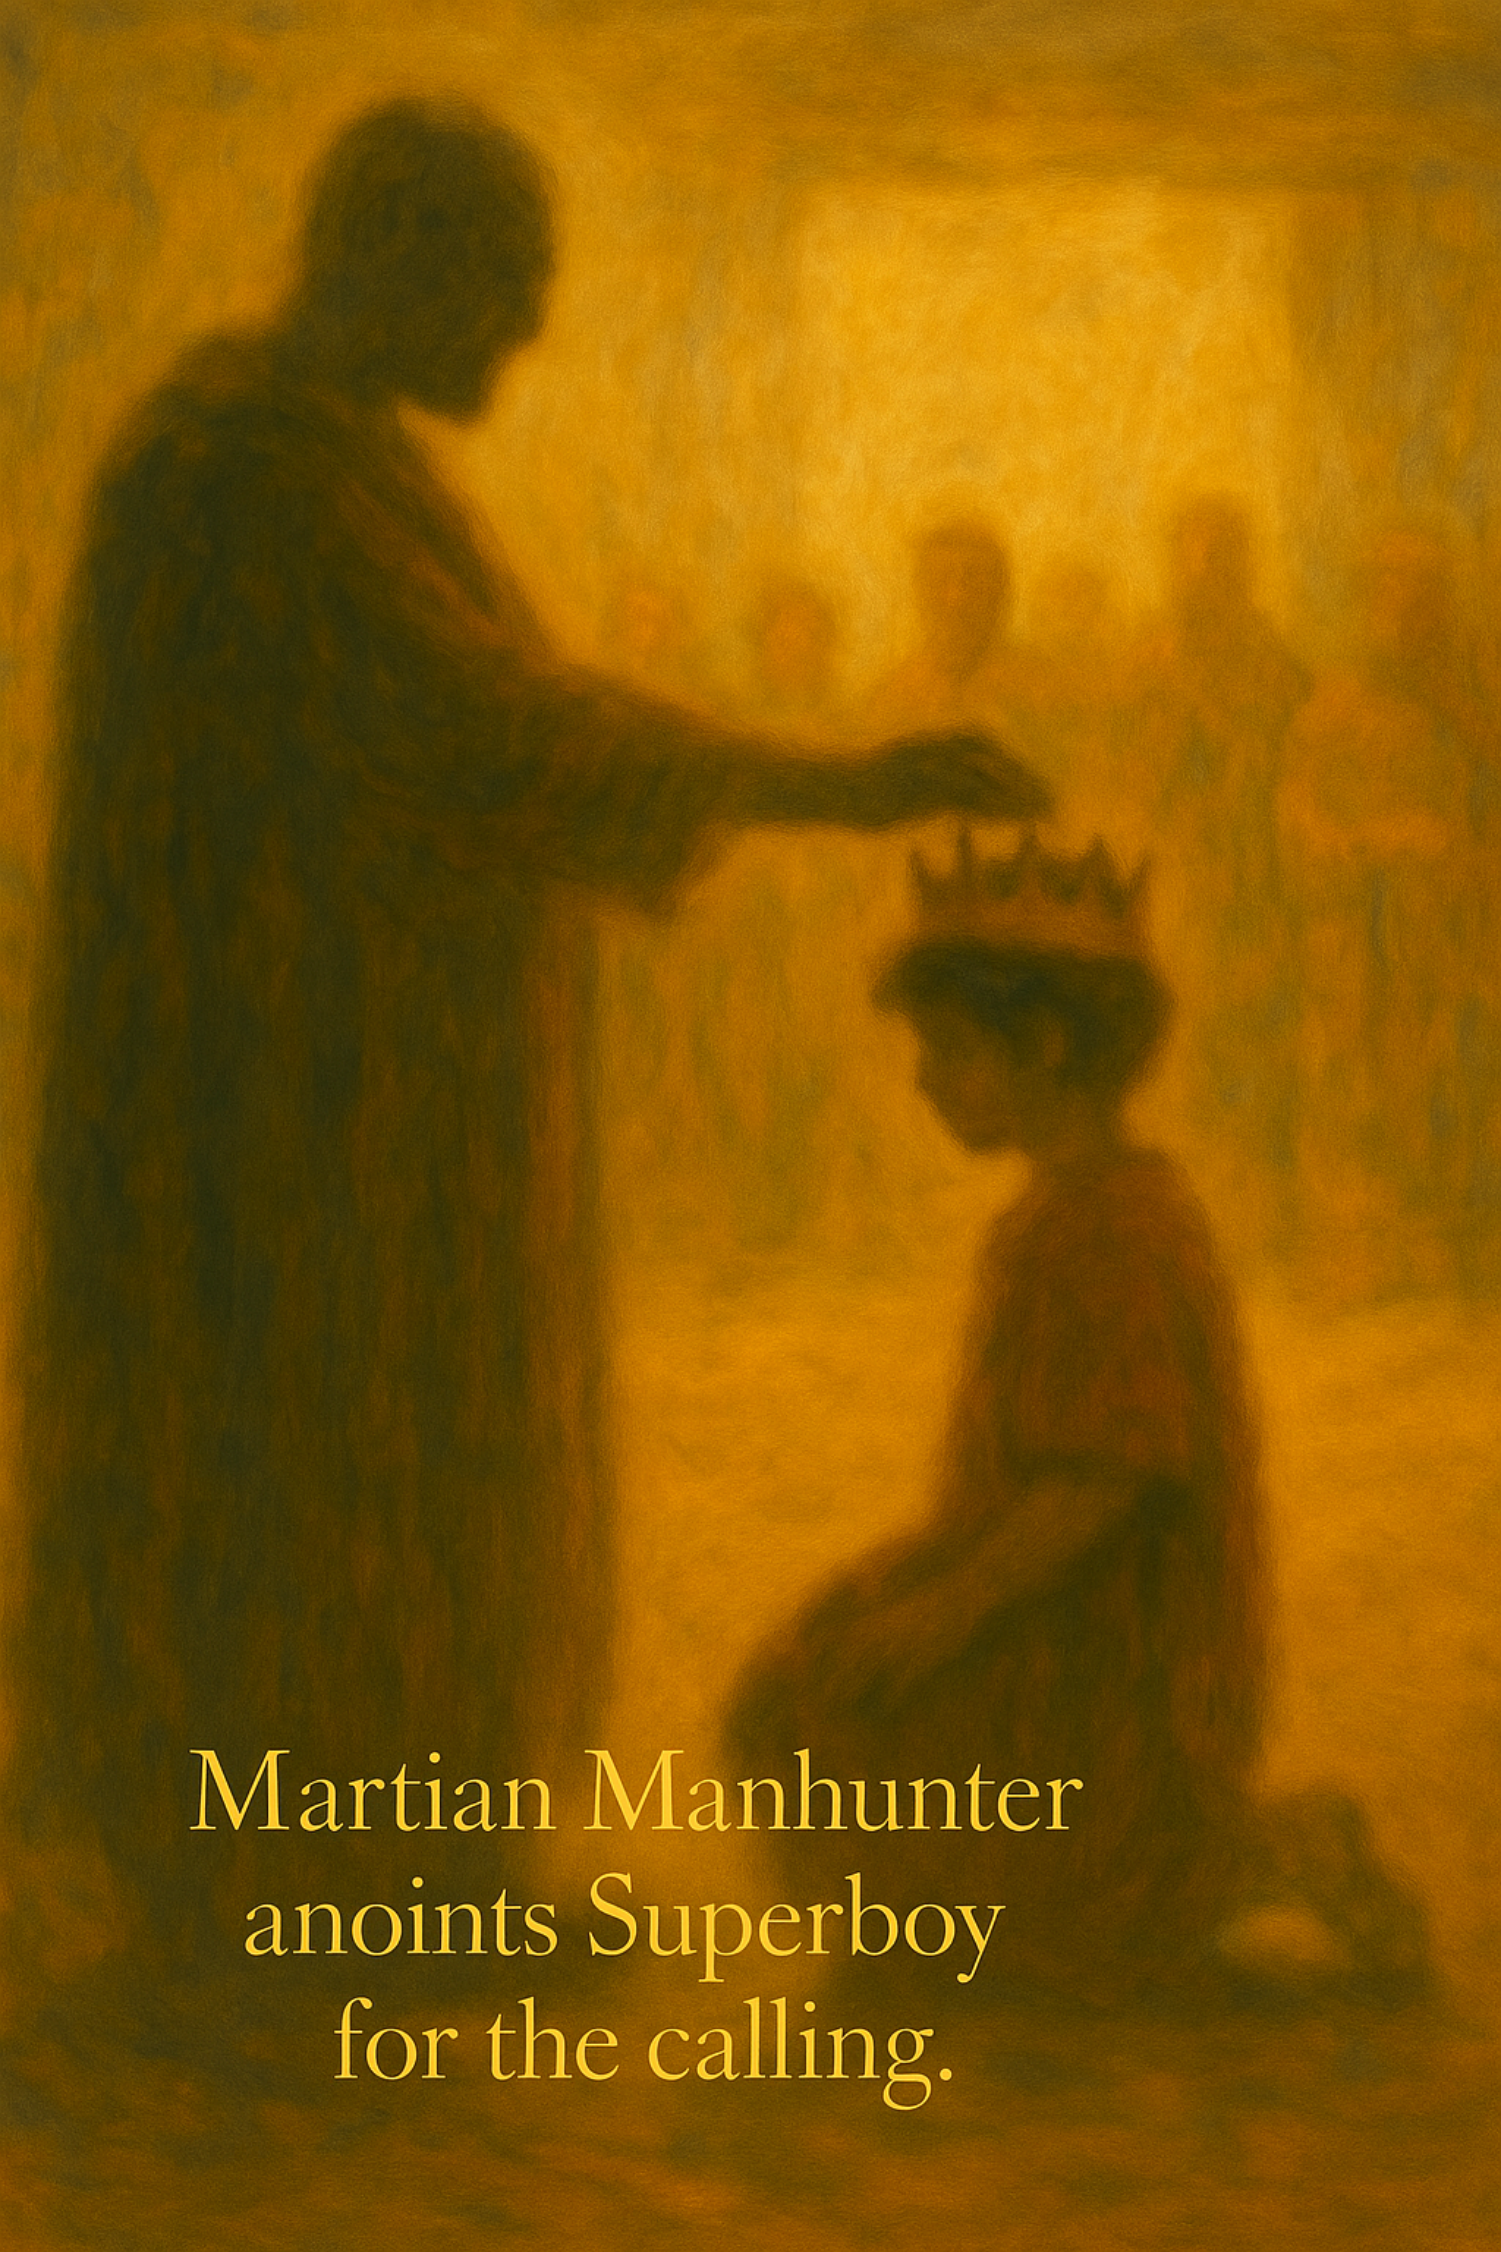
SUPERBOY
THE BURDEN OF FALLEN FAITH



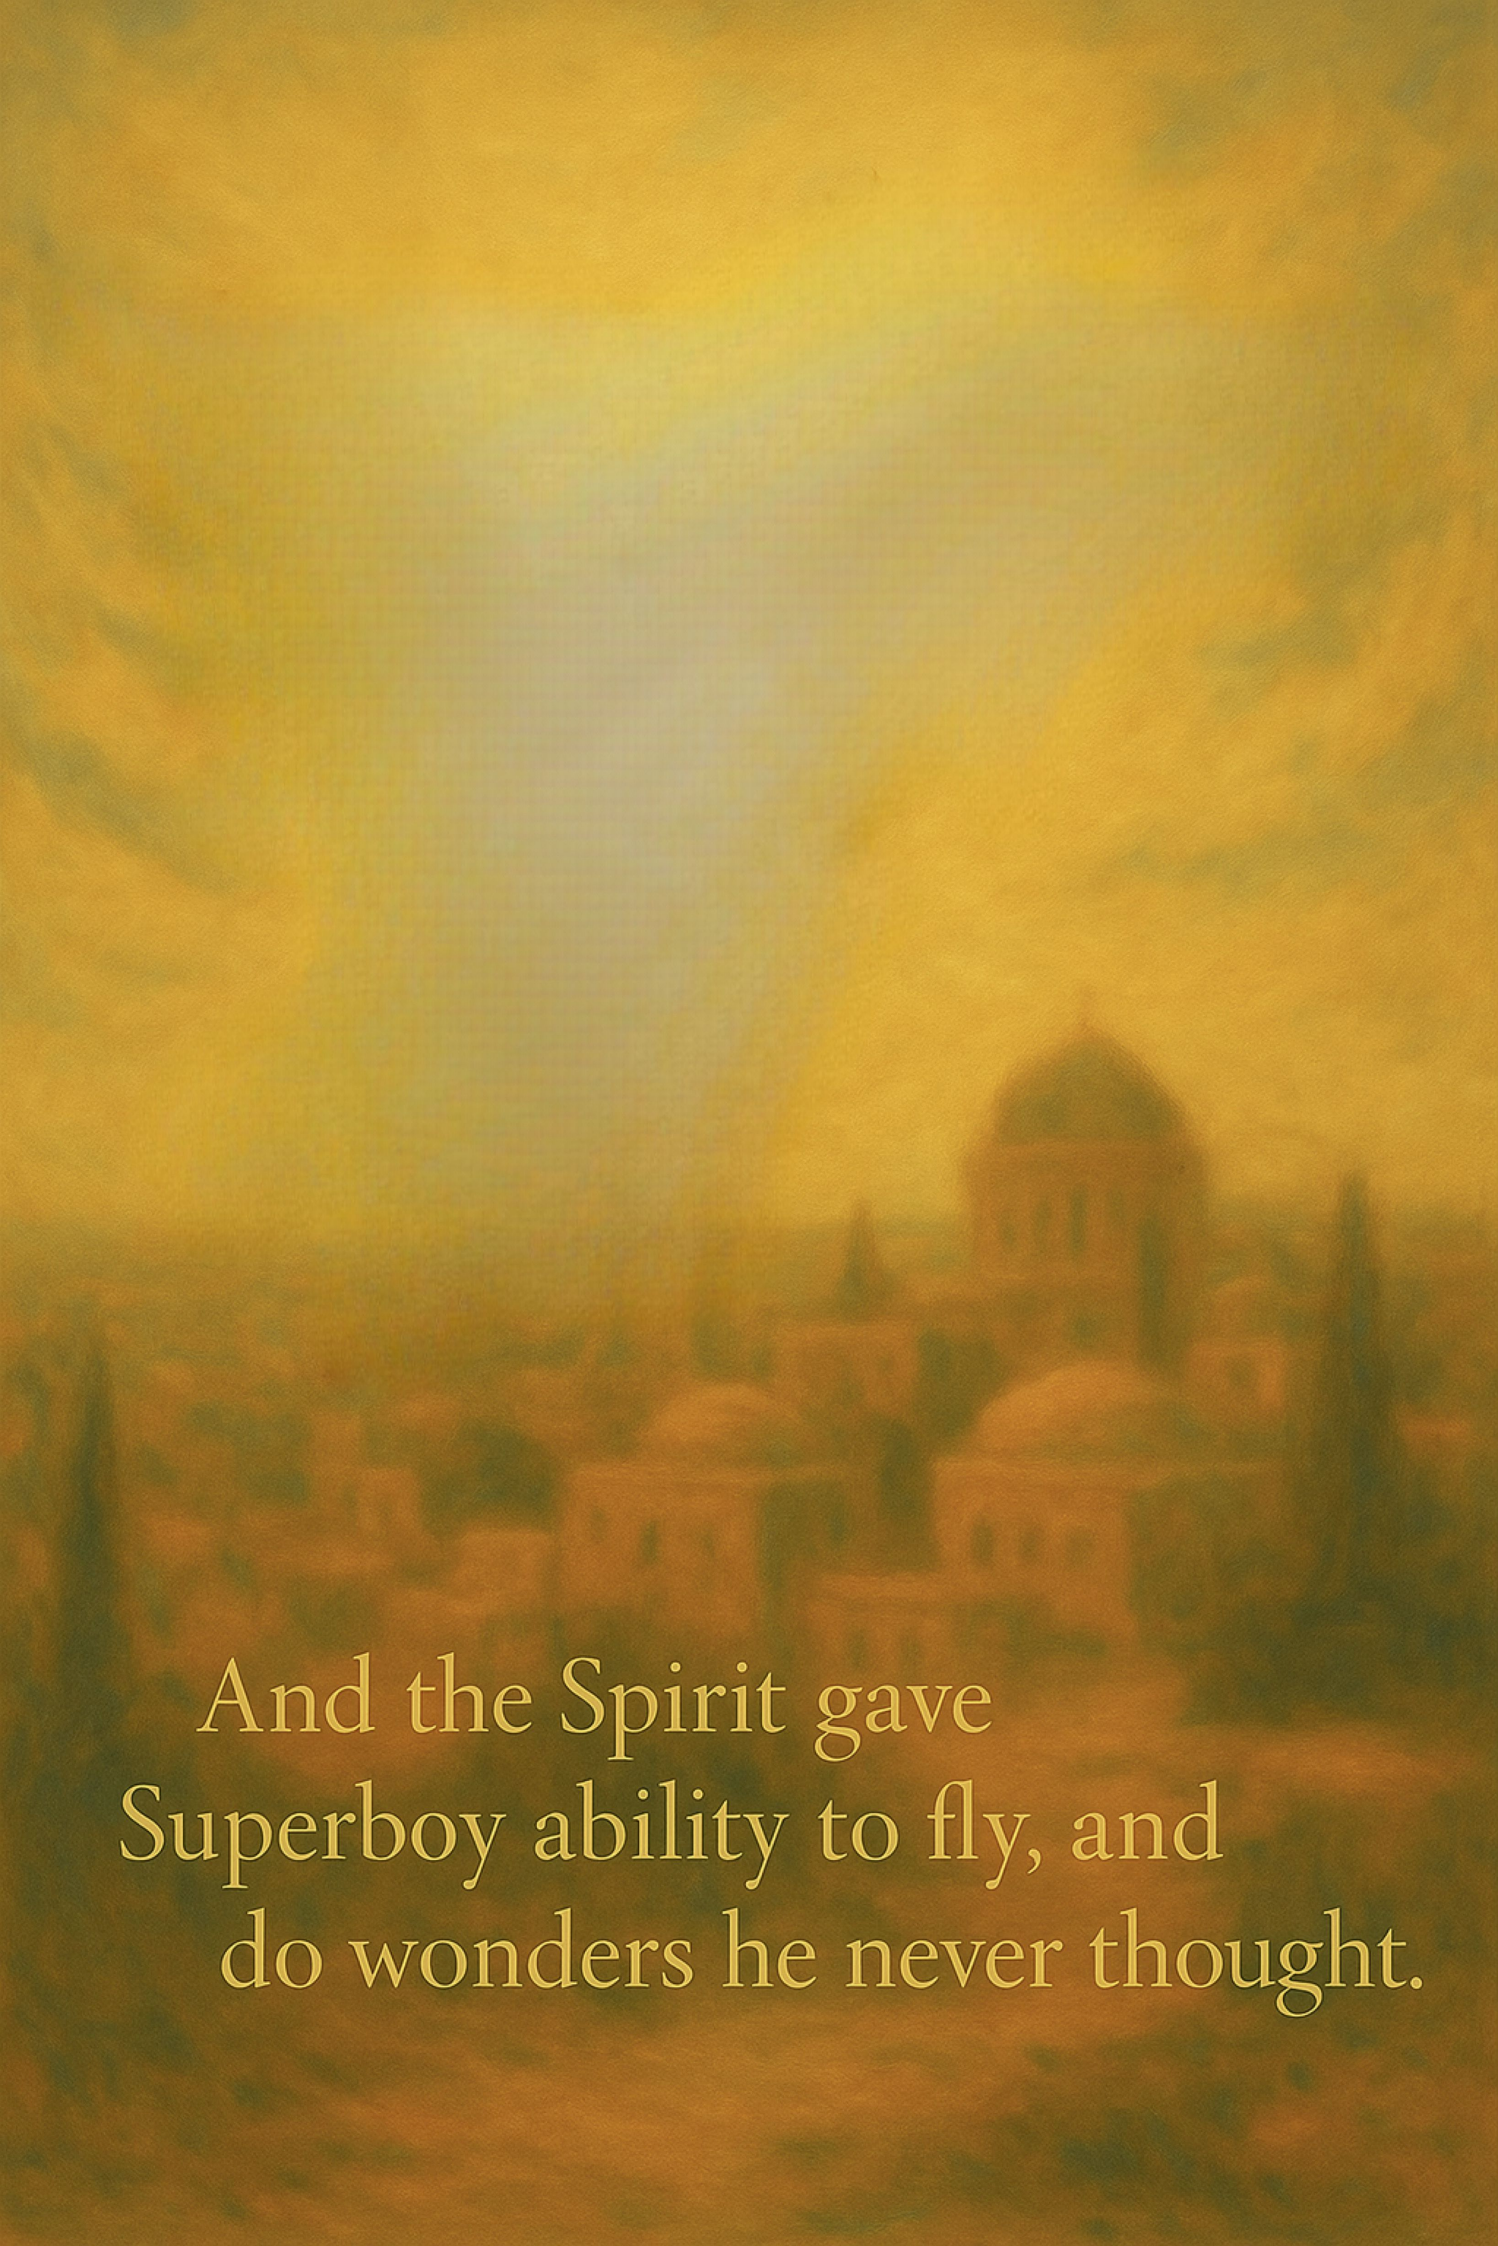
They grieved the Living One and
begged for a visible hero.
They wanted a ‘cape’, not a covenant.
A symbol, not the Spirit.

So God gave them Superboy,
to teach them that no man—
no matter how strong or
poetic or brave—
can wear divinity without burning.



Martian Manhunter
anoints Superboy
for the calling.

He never asked to fight.
He only wanted the Lord.
But when evil rose,
the Spirit carried him into battle.



And the Spirit gave
Superboy ability to fly, and
do wonders he never thought.
